HUBBELL LIGHTING, INC.

## Basic Crime Prevention Through Environmental Design

Hubbell Lighting Corporate Headquarters

701 Millennium Boulevard Greenville, SC 29607

August 17-19, 2010

Certification Maintenance

The American Institute of Certified Planners' commitment to continuing education.

**CM-18**

AICP members can earn 18 Certification Maintenance Credits for this activity.

### Benefits of Attending

*Cities and Counties throughout the country are adopting CPTED ordinances requiring site plan reviews with crime prevention in mind. Law enforcement officers who are specially trained in CPTED are now working closely with Planners, Architects, City Officials, and Educators to ensure the proper design of structures, schools, and neighborhoods. Participants will learn how the design and use of the environment can control human / criminal behavior and reduce the fear of crime. They will learn crime prevention through natural means. How natural access control and natural surveillance decrease the opportunity for crime. Participants will learn the different aspects of lighting and its effects on human behavior. Participants will work together on a site survey and provide a group presentation of their results utilizing CPTED strategies. They will learn the advantages of having a CPTED ordinance and how to construct and present it to lawmakers.*

### INSTRUCTOR

**Art Hushen** is the President of the NICP, Inc. Art was assigned to the Tampa Police Department's Special Operations Bureau / CPTED Section where he retired from in 2006. He was instrumental in the creation of the Department's CPTED Unit and Tampa's first CPTED Ordinance for the Westshore Business District, which is the largest Business District in Florida. He implemented the CPTED review process for the Tampa Parks Department Greenways and Trails Master Plan, which include over 80 miles of trails. He worked with the Tampa Housing Authority on their Hope VI program and was part of the task force implementing the design guidelines. He recently completed the CPTED review process for the West Tampa Overlay District and the Tampa Lighting Initiative. Art also completed the City of Tampa's Downtown Security Guideline requirements under the Mayor of Tampa's Downtown Initiative

Art received his Crime Prevention Practitioner Certification and CPTED Designation through the Florida Crime Prevention Training Institute where he assisted in the creation of the Advanced CPTED program and the State standards for the CPTED Designation. He is an instructor for the Florida Attorney General's Office specializing in Basic and Advanced CPTED and CPTED in Schools. He is also an Adjunct Instructor for Fox Valley Technical College specializing in CPTED. Art is recognized as a Crime Prevention Specialist through the International Society of Crime Prevention Practitioners and is a graduate of the National Crime Prevention Institute, Fox Valley College, and the American Crime Prevention Institute in both Basic and Advanced CPTED. Art holds a Bachelor of Arts degree in Criminology from the University of South Florida.

Art is a Director of the United States Designing Out Crime Association, Board Member of the International Society of Crime Prevention Practitioners, Past Chairman of the Florida Design Out Crime Association (FLDOCA), and Past Board Member of the International CPTED Association (ICA). He is a member of the American Planning Association (APA) and the American Society for Industrial Security (ASIS).

HUBBELL LIGHTING, INC.

*To effectively deliver quality and innovation, we centralized engineering, testing, customer support and training at our state-of-the-art headquarters in Greenville, South Carolina. A testament to our vision for a better tomorrow, the building is LEED Silver Certified under the Leadership in Energy and Environment Design (LEED) program of the United States Green Building Council. What does that mean? Over 3,465 tons of greenhouse gas will not be released into the atmosphere each year thanks to the building's energy savings. The entire 185,000 square foot building is a working lighting laboratory, and an extension of the Lighting Solutions Center, showcasing Hubbell solutions inside and out.*
